

□ Point heating systems for railway

- Electrical point heating
 - Elektrische Weichenheizung;
- Gas-infrared point heating based on natural gas/propane;
 - Gas weichenheizung mit Erdgas oder Propan
- Passive Geothermal system
 - Passive Geothermie

Natural gas/propane:

- 1000W/m

Main applications:

Wichtigste Anwendung:

High Snow areas (Alps)

Gebiete mit sehr viel
Schneefall (Alpengebiet)

PINTSCH ABEN: SAC

Electrical energy:

- 250-600W/m

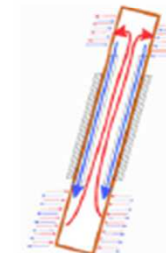

Main application:

Wichtigste Anwendung:

-All other areas

Alle andere Gebiete

PINTSCH ABEN: INSV

Passive GEO system:

Under development

Zero emission

In Entwicklung

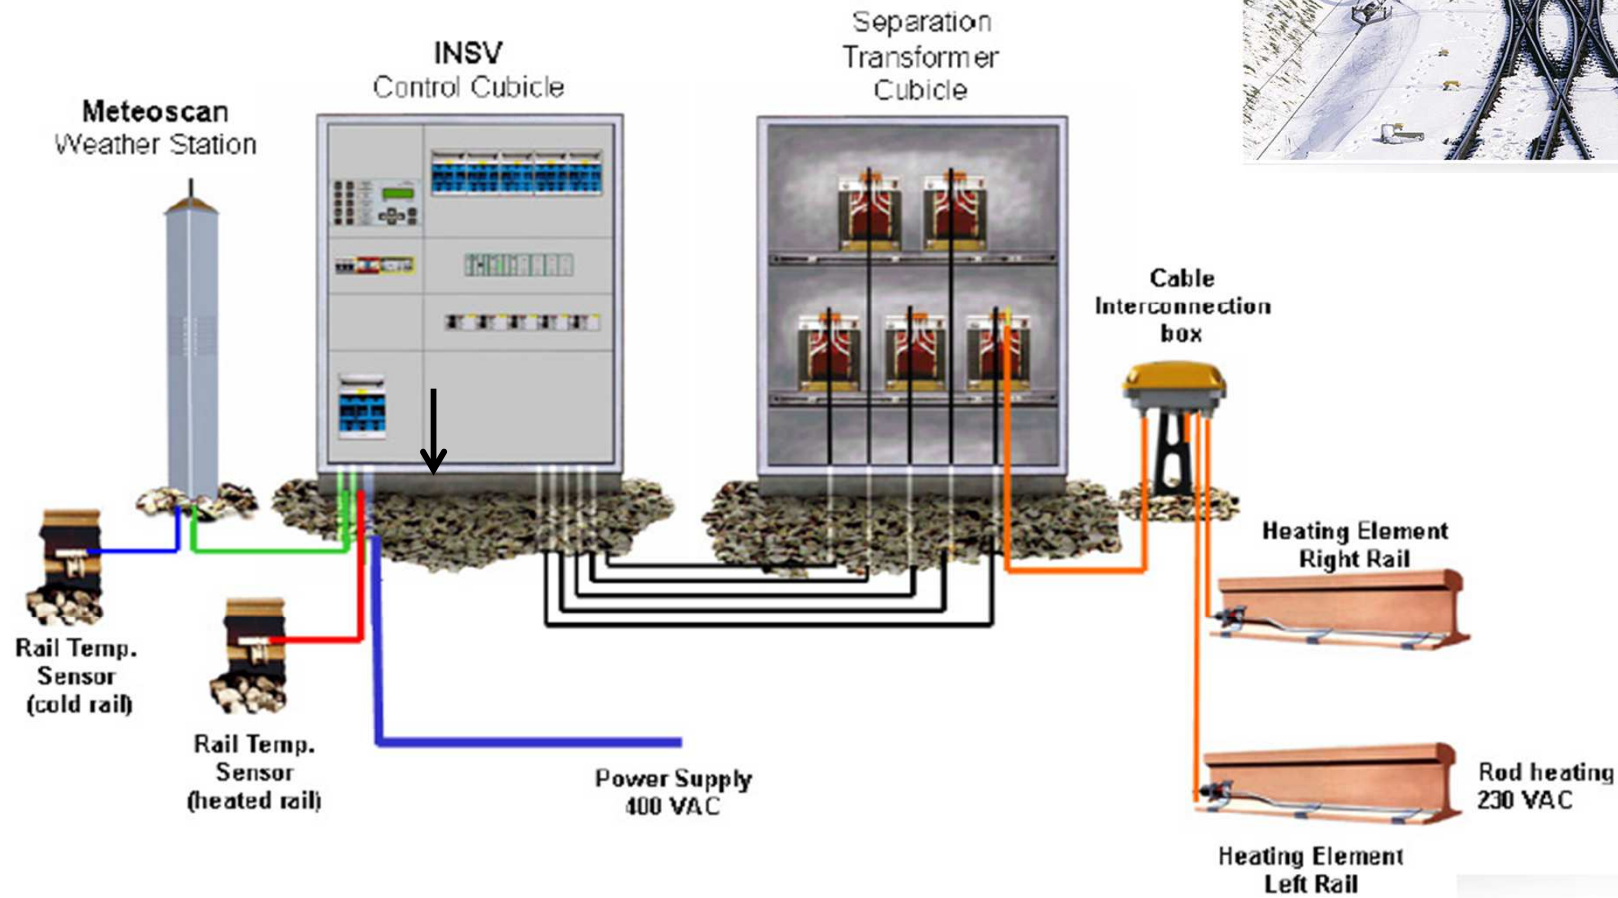

Keine Emission

PINTSCH ABEN: Geotherm

□ point heating systems for railway

Point heating systems

□ Central monitoring system enabling maintenance
